

Tracey Concrete are recruiting for a **Project Manager** based at our Enniskillen site!

As a **Project Manager**, you will be responsible for:

- Managing bespoke concrete production through design, planning, and production.
- Developing and maintaining project schedules, budgets, and resource plans to ensure on-time and cost-effective delivery.
- Attending customer meetings as required and building strong working relationships to generate future opportunities.
- Reviewing engineering drawings, specifications, and customer requirements for bespoke precast products.
- Liaising with structural engineers and design teams to ensure compliance with standards and client specifications.
- Supporting the development of moulds, reinforcement details, and concrete mix requirements for custom products.
- Working with the team to develop designs, plan works, and coordinate subcontractors.
- Ensuring quality standards and health & safety requirements are consistently met.
- Scheduling works effectively to ensure deadlines are achieved.
- Supporting technical design and contributing to the development of bespoke concrete products.

Essential Criteria:

- Minimum of 3 years' post-graduate experience.
- Degree in Civil or Structural Engineering.
- Strong leadership and people management skills.
- Good problem-solving skills.
- Ability to plan and prioritise workload.
- Familiarity with BS EN concrete standards.

Reports to: Technical Manager

Working Hours: Monday–Friday, 8:30am–5:30pm
